1974

Winona High School
Winona, Texas

The Cat Tale . . .

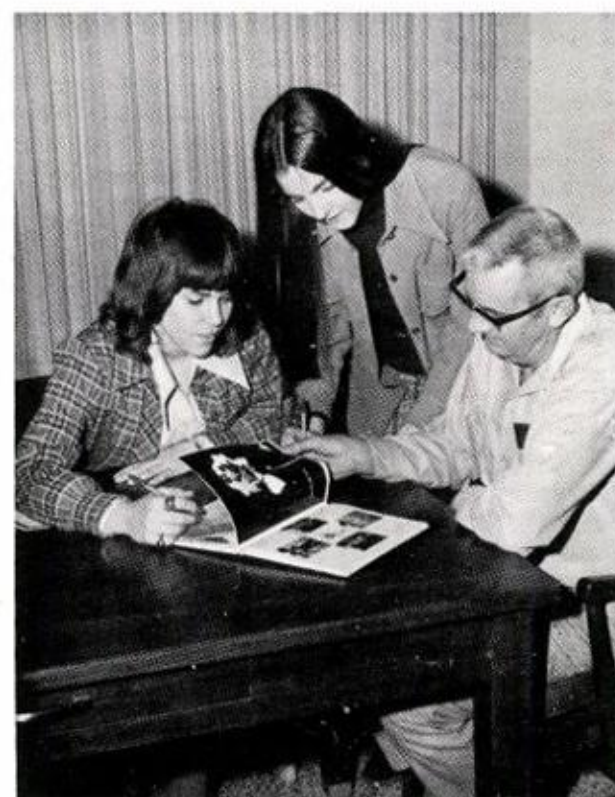

is presented for you by the following hard working annual staff members, shown here doing some of the numerous and varied tasks which must be done in order for you to receive the annual which you now hold. Few people realize the amount of work that goes into putting together an annual - but we do it as a labor of love, for our school and what goes on in it means a lot to us. And it is our hope that this record of 1973-74 will, through the years, bring you many pleasant memories of the days you spent at WHS.

Thressa and Mrs. Williams typing and preparing pages.

Venita working with the photographer on picture-taking days.

Alice and Jill making an ad sale.

Year of the Cat's

This year for the first time in many years our Wildcats had a winning season. Our Winona Wildcats were Co-Champions of District 18-A! The other Co-Champion was Mabank who represented the district in the play-offs since they beat Winona. However, we are very proud of the Wildcats for being a District Co-Champion for the first time in their history.

Theresa,

The time has come for each of us to go our different ways. I hope you find in life what you have strived for for 12 years. This is a joyous and a sad occasion for us to be away from each other for life. It just the way things has to be. We will learn to accept it and make the best for each other. I feel that as if we started to school together because I feel I know you so well. God bless and may all your wishes come true. Rennie Sr. "74"

Autographs

Theresa,

I couldn't begin to say the things that I would like to say. As Lessee said before this is the last of those years you ^w have been working for. I do feel that I know you better than anyone else, but you're very "unpredictable" (smile). I really do wish you the best of everything in the future and May God bless you in those years ahead.

Love ya,
Liz Sr. 73/74

the hills you got to climb are mighty high and the roads you

This ole white girl doesnt really know what to say to a black girl like you, except that you are really someone special. You really been a friend to me. You're so warm and understanding and I know I can always trust you. I'm really going to miss you because you're really the only black person that I feel comfortable around. That's because you're always so kind and you always have something nice to say. When I'm down you always seem to be there to pick me up. Thanks for being there. You know the time is getting near and I don't think it's going to be as easy as I thought it would. We'll be walking down that isle for the last time. We've had some good ole times together, although some of them of been a little "hectic" I hope you have the best in life because that's what you deserve. Don't forget me. O.K.?
